

Missional @ Word of Grace, Mesa, AZ

Here are some of the things we are doing locally at Word of Grace:

1. Operated a Homeless Day Center for 6 weeks this past summer. We had over 1,000 guests during that time, and more than 50% of the homeless population in Mesa visited our center at least once.
2. We have expanded our Tutoring program with elementary schools in our neighborhood to include more than 50 children a week.
3. We have started ESL (English as a Second Language) classes with the parents of the students we are tutoring, Angel Tree parents and others in our community. 40 people are registered for these weekly classes.
4. We are currently in our annual "Heart for Others" focus. So far, in only 3 weeks time, more than 570 people from Word of Grace have served in our community in cooperation with community organizations and ministries.
5. Our Community Impact ministry continues to provide job training and computer skills classes to community organizations throughout Phoenix.
6. In the near future we will be launching "Paseo" a ministry that will bring children from our community to our children's ministries on Sunday. Neighborhood pastors will be working with the families of those children. Most of the children coming will be those from our ESL, Tutoring at Grace and Angel Tree families. We anticipate starting with about 60 children.
